

Let's reflect on red flags and deal breakers in relationships!

What are some of your digital deal breakers? Use this page to show or tell us things that stop a friendship or relationship in its tracks - or warning signs that it might be going bad!

We invite you to turn in anonymous submissions to your school counselors or email a photo of them to the Women's Resource Center at communications@wrcnr.org for potential inclusion in our Teen Dating Violence Awareness Month end-of-the-month art display!
