Dear Friends,

As we close 2026, the final year before our 50th anniversary, we reflect on 49 years of service in the New River Valley. As the first domestic violence shelter in the state of Virginia, we are honored to have served generations of survivors who trusted us in their most difficult moments. Our team, including board, staff, volunteers, funders, and supporters across the state of Virginia, work tirelessly every day to advance the WRC's mission and vision, a community where all survivors are safe, supported, and empowered.

In 2026, we overcame unprecedented challenges, including record numbers of individuals requesting emergency and transitional shelter. With both shelters full to capacity for much of the year, we relied on local hotels for overflow, solidifying our commitment to shelter survivors in their own communities. We partnered with law enforcement agencies to expand the Lethality Assessment Program (LAP) and obtained funding to make services more accessible to older adults and people with disabilities. Our work with administrators and community members in Giles County has created enhanced pathways for rural survivors to access services.

It is an incredible honor to journey with survivors toward safety, justice, and healing. None of these achievements would have been possible without the generous support of our donors, volunteers, and community partners. Your contributions have made a tangible difference in the lives of survivors, and we are grateful to our community for its generosity, trust, and continued belief in our mission.

As the WRC approaches 50 years of service, our work remains as important as ever. Generations of advocacy have prepared us to face the future with the same clarity and conviction that our founders did half a century ago. Guided by the voices of survivors and supported by a strong network of partners, we remain hopeful and committed as we embark on the next 50 years of building a community free of sexual and domestic violence. Together we can make a difference.

In solidarity,

Kelly McCoy Meade
Executive Director

Susan Anderson
Board President
